From our home...

It all began in 1973 when a former flooring installer created a small business from his family home.

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees — many who are still working with us today — these years bring back many fond memories.

Now stretching across the globe, far beyond the walls of the original house, we continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

...to your home

Many elements must fit together, from furniture to flooring, to fixtures and everything in between. Where to begin?

We begin a new design with inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a cushion or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pyjamas and your babies (both two and four-legged) can roll around and play?

No matter what drives you, Karndean Designflooring was created with your needs in mind. We see flooring differently and by combining original features with cutting edge design, you can create a simply beautiful floor that you will love for a lifetime.

Our simple method will help you navigate the selection process and design your perfect floor, taking you beyond picking a colour and measuring the room. Let's get started!

Our interior trends

At Karndean Designflooring we set out to understand what that means in design trends. While we identified four clear and different directions in interior styling, they share a common heart:the home as a sanctuary.

Scan here to find out more about our interior trends

50+ years of experience

At Karndean, we see flooring differently.

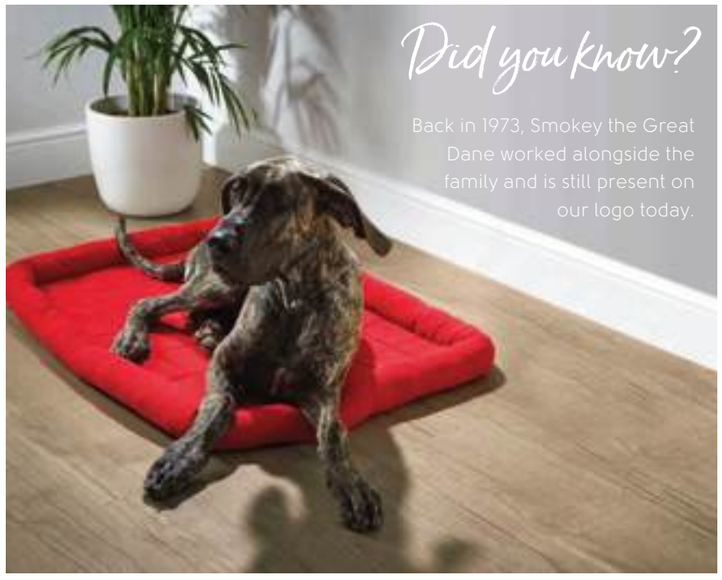
We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs. By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

For the family and Karndean's early employees, many of who are still working with us today, these years bring back many fond memories. Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

1973...

Designed for you

Every one of our floors is unique to us having been lovingly created by our in-house team. Our product designers select natural woods and stones to work with, taking the time to carefully replicate the knots, grains and textures found in these products into our designs. Working with these products they apply different techniques of staining, brushing and oiling to name a few to create the perfect look and feel bringing you a simply beautiful floor.



Low maintenance

Easy to clean with a sweep and mop. Doesn't require sanding, varnishing or staining.

Pet friendly

From muddy paw prints to household accidents and anything in-between, our low maintenance floors are designed with pets in mind.

Kid friendly

Karndean floors offer kids a safe and comfortable space to play, and parents an easy-to-clean surface.

Design capabilities

The design flexibility of Karndean flooring allows you to create your own unique and personalised look in any space.

Durable

Karndean Designflooring gives you the look and feel of natural products with the durability and resilience of luxury vinyl.

Designed for *comfort*

Quiet underfoot

Karndean Designflooring offers formats that reduce noise transfer by up to 22dB – perfect for upstairs bedrooms, playrooms or attic/loft conversions.

Laying possibilities

It's not just the floor you choose, but the direction you lay it that makes a lasting impression. From diagonal to herringbone, define your space with an intriguing laying pattern. Depending on the format you decide on.

Designed for *peace of mind*

Phthalate free

We pride ourselves on environmental awareness in the manufacture and supply of all our products, and can proudly say that all Karndean products are phthalate free.

Lifetime warranty

Not only is a Karndean floor unique to your home, but it's guaranteed to last for years to come.

The design you want in the format you need

We offer our beautiful Van Gogh and Knight Tile designs in dual format.

As these are available in both gluedown or rigid core, you can enjoy the design you want, in the format you need.

Gluedown

With our gluedown ranges you have complete control over the look of your floor, from the lay pattern to the incorporation of our design strips and borders.

- Individually replaceable
- Laying possibilities
- No expansion gap required
- Individual, glued down planks and tiles

Rigid core

Our rigid core hybrid ranges feature a click-locking system that allows them to be installed over most existing hard floors, without the need for adhesive.

- Click-locking mechanism
- Reduces noise transfer
- Quick and easy to install
- Installs over most existing hard floors

Choose your format

Gluedown

Why choose a gluedown floor?

- **No expansion gap required:** Can be fitted hard up against walls and fixtures with no need for accessories to cover the gap.
- **Personalisation:** With our gluedown ranges, you have complete control over the look of your floor, from the lay pattern to the incorporation of our design strips and borders.
- **Glued down:** Planks and tiles are permanently secured with Mega Bond glue to the subfloor.

Rigid core

Why choose a rigid core floor?

- **Installs over existing hard floors:** Rigid core can be installed over most existing hard floor coverings.
- **Acoustic qualities:** The premium, pre-attached acoustic foam backing reduces noise transfer to rooms below, making it perfect for upstairs bedrooms, playrooms or attic/loft conversions.
- **Quick and easy to install:** Click-locking systems allow the installer to quickly drop and lock planks together, meaning less upheaval and disruption to everyday life.

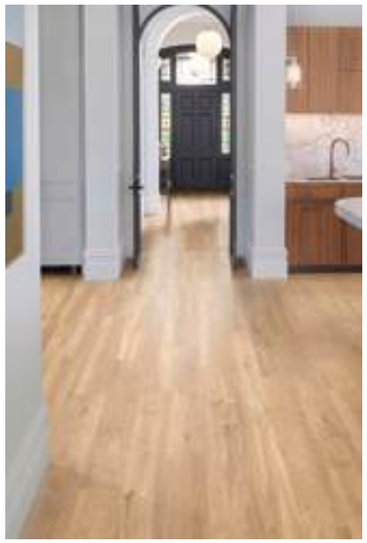
about our dual formats



Our source of inspiration

For decades, Karndean Designflooring has led the way in durable, luxury vinyl flooring. Our designers draw inspiration from the natural world, perfecting and curating our ranges so each one is as unique as you and your space. Innovative technology and quality materials ensure you own a beautiful floor true to the natural material that inspired it.

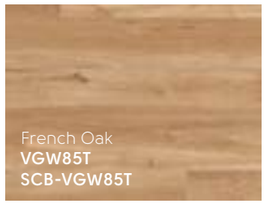
Spotted Gum

The Spotted Gum tree flourishes in coastal areas along the eastern seaboard of Australia, ranging from the mountains of the Great Dividing Range to the sunshine coast of Queensland. Large amounts of sapwood can be seen within the boards and this adds to the blend of features that make the product so distinctive. Even when coloured, the sap creates a tonal plank that will work in all interiors.

River Spotted Gum
VGW131T
SCB-VGW131T

Oak

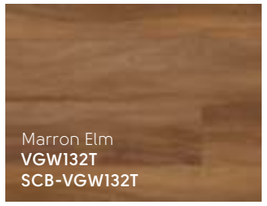
These boards were hand selected as a trusted raw material and canvas to work with. The objective was to create an even, non-tonal visual across the floor, while retaining the much-loved characteristics of the natural, prime timber. The light speckling seen within the tight grains occurs due to the rapid dehydration of the boards once felled. We then hand applied coloured oils to produce on-trend colours.



French Oak
VGW85T
SCB-VGW85T

Elm

Elm trees are native primarily to north temperate areas and has been admired for centuries for their height and lush foliage. Elm wood has long been used in the construction of furniture, boats and buildings because it natural durability. Known for its exquisite grain pattern and light to medium reddish-brown and sapwood, its grain is smooth and features a finely waved pattern.



Marron Elm
VGW132T
SCB-VGW132T

Maple

Widely distributed in the northern hemisphere and heavily concentrated in China. Maples are one of the most popular ornamental trees for planting along streets and in parks due to their unique beauty with many displaying striking autumn colour changes. In its natural form, Maple wood is attractively creamy and warm with a pinkish tinge. The timber is fine-textured and generally straight-grained appearance.

Natural Maple
VGW127T
SCB-VGW127T

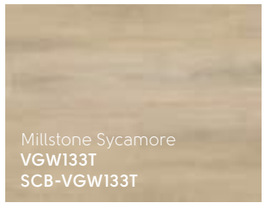
Birch

Birch is right at home across the cooler parts of North America, Europe and Asia. Well known for their smooth, light grey-white bark which usually peels horizontally in thin sheets, especially on younger trees. Birch wood has good strength properties, is flexible and tough but not particularly hard, making the wood easy to work with. The natural wood has a yellow-white colouring and a gentle wavy grain.

Birch
VGW84T
SCB-VGW84T

Sycamore

European Sycamore belongs to the acer family, along with maple, and features many of the same characteristics. The most striking feature of the tree is the bark pattern comprised of warm-grey outer bark that peels off in large patches to reveal the wood within. The wood has a fine, close texture and in its natural form tends to be a light, almost white colour, making it an ideal colour carrier.



Millstone Sycamore
VGW133T
SCB-VGW133T

Blackbutt

A quintessential Australian hardwood that takes its name from the lower half of the tree's trunk which is blackened by the fierce forest fires that both destroy, and then renew. These boards were sourced from the very north of New South Wales where thick forests merge with the beautiful coastline. Great care was taken to retain the oozing sap lines that add to the distinctive linear grain and bleed into the timber.

Blackbutt

A quintessential Australian hardwood that takes its name from the lower half of the tree's trunk which is blackened by the fierce forest fires that both destroy, and then renew. These boards were sourced from the very north of New South Wales where thick forests merge with the beautiful coastline. Great care was taken to retain the oozing sap lines that add to the distinctive linear grain and bleed into the timber.

Coastal Blackbutt
KP157-7
SCB-KP157

Concrete

Our designers experimented with different colouring techniques to transform the classic, neutral design into an incredibly versatile, contemporary set of concrete look tiles. Each colour option highlights different features contained within the design, and the tonal shift within the individual tiles creates a visually appealing palette. The result is an attractive product that adds a new warmth and elegance to a solid industrial material.

Smoked Concrete
ST22
SCB-ST22-18

Slate

The design team visited quarries in the Lake District, England, and sourced volcanic slate by hand, selecting pieces of this 300-million-year-old stone. Each piece was individually unique in character, and the detail of the linear markings and fractured features of the stones pair well with an active family space.

Our other ranges at a glance

We offer natural wood and stone-inspired designs featuring all the intricate details and unique characteristics you'd expect to see in traditional flooring. Carefully designed for authenticity, colours are defined with variable shades and tones, just as they are in natural materials. We have an extensive collection of designs, from soft light to darker tones, paired with attractive emboss detailing, there's sure to be a design to define your living space.

Scan to view our **Home Catalogue** to view information about our other ranges

We offer three types of product

We know that choosing a floor that suits you and your home can be challenging. That's why we offer our beautiful, design-led floors in either loose lay, rigid core or gluedown. So you can enjoy exactly the design you want, in the format you need. Please speak to your installer or retailer to discuss your options.

Loose lay

Choose loose lay when...

- You want to reduce noise transfer, such as in loft conversions or upstairs rooms.
- You want a quick installation.
- You have a completely flat, dry subfloor, prepared by a flooring professional.

- Individually replaceable
- Quick and easy to install
- Reduces noise transfer
- K-Wave® friction grip backing
- Laying possibilities

Rigid core

Choose rigid core when...

- You want superior acoustics, such as in loft conversions or upstairs rooms.
- You want a quick installation.
- You want to install over an existing floor such as ceramic tiles or floorboards, or uneven subfloor.

- Click-locking mechanism
- Reduces noise transfer
- Quick and easy to install
- Installs over most existing hard floors

Gluedown

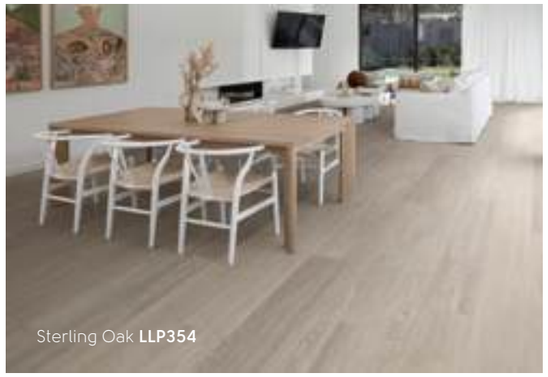
Choose gluedown when...

- You want to create your floor, with different laying patterns, design strips and decorative borders.
- You want to be able to mix stone and wood designs and create a completely bespoke floor.
- You have a completely flat, dry subfloor, prepared by a flooring professional.

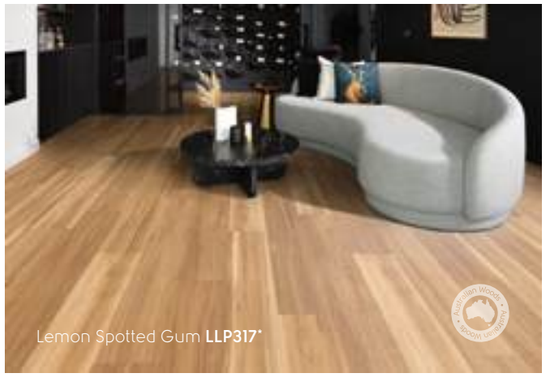
- Individually replaceable
- Design capabilities
- No expansion gap required
- Individual, glued down planks and tiles
- Laying possibilities

LooseLay Longboard Wood

LooseLay Longboard is a collection of 20 woods featuring unique designs in a 1.5m long format. Featuring native Australian species, the collection offers a contemporary palette that makes the most of its 1.5m length and loose lay format.



Sterling Oak **LLP354**



Lemon Spotted Gum **LLP317***

Wood 1500.0mm x 250.0mm (59.06" x 9.84")

LOOSE LAY | **Thickness:** 4.5mm | **Wear layer:** 0.5mm | **Bevel:** No | **Box quantity:** 3.000m² / 8 planks

LooseLay Originals Wood & Stone

Our LooseLay Originals collection of woods have been inspired by some of the most popular species found in the natural world. Our collection of stones features minimalistic Concrete, luxurious Honed Limestone, and natural Pietra to complement every interior style.

Lampione **LLP147**

Ontario **LLT218**

Wood 1050.0mm x 250.0mm (41.34" x 9.84")

LOOSE LAY | **Thickness:** 4.5mm | **Wear layer:** 0.5mm | **Bevel:** No | **Box quantity:** 3.150m² / 12 planks

Stone 500.0mm x 610.0mm (19.69" x 24.02")

LOOSE LAY | **Thickness:** 4.5mm | **Wear layer:** 0.5mm | **Bevel:** No | **Box quantity:** 3.050m² / 10 tiles

We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. The QR code here will take you to the most updated range information.

Environmental

Karndean Designflooring and the environment

At Karndean Designflooring we find inspiration for our products in the beauty of the natural world and feel passionate about bringing this into every product we create. In order to keep our environment protected we do everything we can to continuously improve our manufacturing processes to ensure sustainability whilst delivering best value. We have always aimed to make stylish and durable floors with the lowest possible impact on the environment, and have never had to compromise quality or performance in order to comply with legislation or meet environmental requirements.

Karndean Designflooring is a member of the Green Building Councils of Australia and New Zealand and complies with their requirements under GreenStar. All Karndean products and accessories are manufactured in facilities certified to the ISO 14001 Environmental Management and ISO 9001 Quality Management International Standards. Our approach is based on the use of recycled materials in our floor coverings and ensuring that the finished product is suitable for recycling if required.

What's more...

- All of our packaging is made using recycled material, which we continually review to ensure that it is environmentally friendly and fit for purpose
- We use individual logistical solutions to efficiently and effectively transport our products
- Our storage facilities use high density racking to maximise capacity and minimise impact
- Our offices are introducing innovative energy saving techniques
- We are members of the Green Building Council Australia (GBCA) and Green Building Council New Zealand (NZGBC)
- Our products qualify for eco-points towards GreenStar building projects
- All of our adhesives are water based, solvent-free, have low VOC emissions and are GreenTag certified

GreenStar GreenTag™ certified

The majority of Karndean luxury vinyl ranges are fully certified to Global GreenTag, the third party multi-criteria, consensus based and externally verified Type 1 eco-labelling program. This is one of the largest product sustainability certification systems in Australasia and the only certification mark approved by the Australian Competition and Consumer Commission (ACCC).

GreenTag comprises two certification systems and the majority of Karndean Designflooring luxury vinyl is certified under both.

The future

Our continued product innovation focuses on reducing our environmental impact and complying with environmental legislation and recognized certifications worldwide. Our aim is to remain the leading supplier of LVT flooring and to have a market-leading environmental record of achievement through the development of sustainable products and processes.

LCARate™

Life Cycle Analysis is for all products and all rating tools that engage LCA with separate output called an Environmental Product Declaration (EPD), which is a summary LCA report used for certain credits in some rating tools for GreenStar.

GreenRate™

GreenRate is a straight Type 1 eco label developed to meet the requirements of specific green building rating tools. It includes indoor environmental air quality: volatile organic compounds compliant (IEQ VOC) and reduced exposure to pollutants. GreenRate is offered in three levels of quality from Level 'C' up to Level 'A' relevant to GreenStar in Australia and New Zealand.

Karndean Designflooring LVT ranges and adhesives are fully certified under GreenStar GreenRate Level 'A', plus under international FloorScore Indoor Air Quality Certification for low emitting VOC's. Also certified to LCARate "silver streamline".

Transferable purchase warranty

Lifetime transferable warranty

If you purchased your Karndean Designflooring through a Karndean Retail Partner your warranty will have the added benefit of it being transferable. This means that if you sell your house within your guarantee period, you can pass the warranty on to the new owners.

To qualify for a transferable purchase warranty, you must:

- Adhere to the terms and conditions outlined in the transferable purchase warranty
- Purchase from one of our retail partners and they will provide us with your email address to enable us to send you your transferable purchase warranty

For more information or to obtain your transferable purchase warranty, please speak with your local flooring retailer or contact our Customer Service Team.

The lifetime residential warranty is defined as 35 years and protects against product wear out and manufacturing defects. What's more, the warranties are now transferable to any future owners (subject to the terms and conditions of the transferable purchase warranty).

Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come. We have a dedicated section on the website with videos that explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

Visit **www.karndean.com/cleaning** for more information. We also supply our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

Over time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
