AQUAPLANK®
Laminate Flooring

NEXT GENERATION AQUAPLANK®

RAISES LAMINATES TO NEW PERFORMANCE HEIGHTS

AquaPlank® by Signature introduces truly water-resistant flooring designed to suit the great Australian lifestyle. Walk inside from the pool and relax! Put the kids in the bath and relax! Entertain in your kitchen and living area - and completely relax! **AquaPlank® by Signature** is the ultimate stress-free, water-resistant floor that won't warp, buckle or fail in ANY room of your home.

AquaPlank® by Signature gives you the natural beauty of timber without any of the drawbacks.

Revolutionary Atroguard™ Water Resist Technology ensures any water spills and splashes cannot permeate **AquaPlank®** keeping your floor **72 hour standing water resistant** and warp and worry-free.

Atroguard™ Technology
AquaPlank® features a Matt Power-Seal™ applied to all surfaces including edges and joins of the plank, making **AquaPlank®** water tight and ideal for bathrooms, laundries, kitchens and family rooms. **Atroguard™** heavy commercial grade surface protection also offers a superior level of stain, scratch, indent and even burn resistance - for when mistakes do happen.

AquaPlank® easy installation
The Tight Lock™ installation method is fast and easy. It secures each plank firmly in position. The stable core can be installed in up to 400m² areas without transition strips. **AquaPlank®** can be installed over most sub-floors, including underfloor heating. Using **LuxeLay™** underlay, your new floor will be much quieter, warmer and more cushioned too. Ideal for second storey rooms and hi-rise dwellings.

AquaPlank® is easy to clean
Always wipe up standing water as soon as you can, however **AquaPlank®** is water resistant for up to 72 hrs. Unlike real timber, you can wet mop your **AquaPlank®** floor without worry and vacuum for dust.

AquaPlank® features EIR
Embossed in Register raises the surface to provide a textural feature, echoing the grain pattern in the timber which truly brings timber designs to life.

AquaPlank® is extra hard wearing
Clear, enhanced UV cured coating
- scratch resistant
- stain resistant
- burn resistant
- anti-bacterial

AquaPlank® features a Lifetime Residential Warranty

* Before installing laminate flooring in a bathroom, kitchen or laundry, please refer to the relevant building code requirements. In Australia please refer to National Construction Code Part 3.8.1 and AS3740 Waterproofing of Wet Areas within Residential Buildings. In New Zealand, please refer to Acceptable Solution E3/AS1 on our website. Please refer to our Installation Guideline, Maintenance Manual and Warranty Document for further clarification.

AquaPlank® by Signature was developed to combine the natural wood element and rigidity of laminate flooring with the water resistance of luxury vinyl. The result is a truly multi-functional and 100% natural wood fibre floor, with exceptional resistance to heavy foot traffic, indents, scratches & scuffs

RELAX.

- Extra rigidity means no telegraphing
- Extra impact & indent resistant
- Anti-bacterial surface

FOR THE BUSIEST HOMES

ATROGUARD™ TECHNOLOGY ENSURES YOUR AQUAPLANK® TIMBER FLOORS ARE BOTH KIDS & PET RESISTANT!
